committees, and organiza-
tions

CHARITABLE GIVING 2024 EXAMPLES

A MESSAGE FROM OUR PRESIDENT

Dear Friends,

Since its inception in 1928, Reliance State Bank has taken pride in being a community bank and serving the communities in which we are located and their surrounding areas. Although our name has changed over the years from Randall State Bank to Randall-Story State Bank to Reliance State Bank, our commitment to this concept has remained the same.

Service to our communities and surrounding areas takes several forms. One form is monetary contributions. The bank makes an annual budget to contribute a portion of our earnings as charitable contributions in the area. Another form is volunteerism. The bank encourages our employees to be involved and give back through volunteerism. In addition, service includes supporting our local citizens in your banking needs. Our employees get to know you as individuals so we can help each of you with your specific needs.

Being a community bank is not just a slogan. At Reliance State Bank we truly believe that our contributions of time, charitable donations, and personal service help to make us a part of the community. All these things together enable the bank to contribute in some way to make things better for our communities!

With gratitude,
Rick Schreier

“The purpose of life is to contribute in some way to making things better.”

- Robert Kennedy
